WORK EXPERIENCE

SDET 2 CVENT

06/2022 - Present

Gurugram

Responsibilities

- Designed Test Plans and Test cases, reported bugs, analysed requirements, collaborated with POs and Devs, analysed automation scope.
- Created robust UI Automation Scripts using Selenium, WDIO and Playwright for End to End scenarios.
- Involved in functional test case execution and regression testing.
- Created Sitespeed Repo and scripted many L&P scripts for New feature development.
- REST API test automation.
- Certified Release and Release management for new feature development / security fixes by sprint teams.

PROJECTS

Webinar (09/2023 - Present)

- Stabilised and Fixed UI regression suites to increase automation pass percentage to more than 90% for all regions.
- Involved in End to End testing and Bug bashes of new features developed by sprint team.
- Successfully created and managed a repository for sitespeed as part of project implementation.
- Written Automation script for End to End scenarios.
- API Testing using Postman and Karate.
- Refactored Blucumber scripts for Travel component.

Conference (06/2022 - Present)

- Migration of Test scripts from Selenium to WebDriverIO.
- Maintained Automation stability of UI regression suites for lower and Pre-Production regions by fixing unstable/flaky scripts.
- Release Management and Certification on Staging and Production.
- Performed accessibility testing and used tools like Google Lighthouse and Wave.
- Performed End to End testing, conducted Bug Bashes and raised multiple bugs.

EDUCATION

Bachelor of Technology in Computer Science and Engineering Noida Institute of Engineering and Technology

08/2018 - 07/2022

Secured 8 CGPA

Intermediate

Delhi Public School, Kashipur

2017 - 2018

Secured 77%

Matriculation

Delhi Public School, Kashipur

2015 - 2016

Secured 10 CGPA

CERTIFICATIONS

Cvent Certified Developer for SDET Foundations (07/2023)

Google UX Design Professional Certificate (04/2021)
